ABOUT IDIA COLLEGE OF TECHNOLOGY & DEVELOPMENT STUDIES

The International Development Institute - Africa (IDIA) has established the IDIA College of Technology and Development Studies in May 2012 as a private value based tertiary education institution of excellence. The primary aim of IDIA College is to foster transformative leadership and sustainable development through value-based technical education, training, applied research and community service. IDIA College is duly Registered as a Technical and Vocational Education and Training (TVET) College in accordance with the TVET Act, 2013 under **REG NO: TVETA/PRIVATE/TVC/0017/2024**.

IDIA College was first established and registered at the Valley of Hope Centre in Siaya by the Ministry of Higher Education, Science & Technology under **Reg. No. MOHEST /PC/1857/012**. The College has since inception produced graduates who continue to transform society in different capacities.

PARTNERSHIPS

In pursuit of its aim, the International Development Institute - Africa (IDIA) has established a mentoring partnership with the Great Lakes University of Kisumu (GLUK) in teaching, training, research and knowledge exchange, and to offer academic programs in health and development. The Great Lakes University of Kisumu (GLUK) is a private and chartered university in Kenya. Through the Partnership, the IDIA College offers arrange of the Great Lakes University's Academic Programmes for which adequacy of academic resources have been verified as per the Universities Act and Regulations, Standards and Guidelines.

Under the partnership agreement signed on 30th, September 2023, the Great Lakes University of Kisumu has agreed to mentor IDIA towards the establishment of the International Development University College-Africa (IDUCA) as a constituent college of the Great Lakes University in accordance with the Universities Act No. 42 of 2012 and the Universities Regulations, 2020. The International Development University College-Africa shall be devoted to fostering transformational leadership and sustainable development in Africa and the world through value based education, research, scholarship, mentorship, policy thought leadership, international knowledge exchange and community service.

In addition, IDIA has established a partnership with Jet Out2Reach Goshen (JOG), United Kingdom to undertake collaborative research, education, training and youth mentorship programs targeting especially young people from marginalized and disadvantaged communities.

OUR VISION, MISSION AND ASPIRATIONS

Our Vision

Our vision is to be the leading value-based tertiary education and training institution of excellence in Kenya and the world.

Our Mission

Our mission is to foster transformative leadership and sustainable development in Kenya and the world through value-based education, applied research and community service.

Our aspirations

1. To be the most distinguished and highly respected private value based technical and vocational education and training institution of excellence in Kenya.
2. To offer cutting edge technical education and training programs.
3. To develop and transfer technologies and intellectual property resources to improve and enrich community life.
4. To develop and nurture ethical and transformative servant leaders, workers and managers committed to fostering societal transformation and sustainable development.
5. To promote and protect academic freedom and free expression.
6. To exact standards which promote and honour excellence, openness, honesty, fair practices and integrity.
7. To become a centre of excellence and exchange in technical education and training through strategic partnership with the industry.
8. To develop and conduct applied research and provide consultancy services responsive to our clients and stakeholder needs.

OUR PHILOSOPHICAL FOUNDATION

The IDIA College is founded on Christian principles that promote generation and application of knowledge to societal transformation. IDIA's character is demonstrated by its commitment to advancing positive knowledge, fostering positive learning and nurturing transformational leadership and sustainable development hence our motto, *Pro Scientia et Mutatio* (For Knowledge and Change). We are guided by scriptural truth in Romans 12: 2: "*Do not conform any longer to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is – his good, pleasing and perfect will*" (NIV).

OUR COMMITMENT

Our commitment is to educate and nurture a new generation of socially responsible, ethical and transformational servant leaders, managers and workers equipped with essential skills and attitudes to serve humanity in an increasingly integrating global environment.

OUR GUIDING PRINCIPLES AND VALUES

- ✓ Excellence
- ✓ Integrity
- ✓ Professionalism
- ✓ Lifelong Learning
- ✓ Servant leadership
- ✓ Innovation
- ✓ Diversity
- ✓ Accountability
- ✓ Social responsibility
- ✓ Partnership

OUR EDUCATION AND TRAINING FRAMEWORK AND APPROACH

IDIA College offers cutting edge and innovative education and training programs in health, development and technological fields. Our education and training programs aim to:

1. Enable learners to acquire discipline specific knowledge, competencies and transferable skills;
2. Impart theoretical and practical problem-solving skills and promote principles of effective and sustainable interventions;
3. Enable learners to acquire ethical and value-based management and leadership competencies;
4. Enable learners to acquire and apply servant leadership attitudes and skills;
5. Enable learners to acquire, generate and apply knowledge and skills to drive change and transformation in communities; and
6. Contribute to improving professional, policy and service delivery systems and practices.

OUR TRAINING AND LEARNING MODEL

IDIA College training and learning approach adopts a competency based approach that balances theoretical/analytical learning techniques on one hand, and practical-ethical learning on the other hand. Thus, to bridge the traditional gap between theory and practice, the programmes uniquely interweave teaching, research, service and value based learning approaches and techniques. The programmes uses adult learning principles, problem-based and student-centred approaches to teaching and learning. Our training and learning approach and strategy is built on value and competency based foundation hoisted by a four-pillar model whose main features include:

- a) Learning through Teaching (LTT);

- b) Knowledge and Evidence based learning (KEBL);
- c) Value based learning (VBL); and
- d) Learning through Service (LTS).

COMPETENCY BASED TRAINING APPROACH

IDIA College adopts a competency-based training approach that provides specified skills, knowledge and attitudes relevant to performance of defined tasks and duties to the standard of performance expected in the marketplace, workplace, industry or field of practice. Our competency based training entails enabling learners to acquire relevant skills, knowledge and attitudes and their application to effective participation in an industry, field, sector or enterprise. Competency based approach aims to enable trainees acquire skills and competencies to enhance all aspects of performance including:

- a) Performing individual tasks;
- b) Managing a range of different tasks;
- c) Responding to contingencies or breakdowns;
- d) Dealing with the responsibilities of the workplace, including working with others; and
- e) Managing change.

OUR EDUCATION AND TRAINING PROGRAMMES

IDIA college offers a range of TVET courses and programs at Certificate (Level 5) and Diploma (Level 6) levels. In addition, IDIA College in collaboration with the Great Lakes University of Kisumu (GLUK) offers programs at undergraduate and postgraduate levels. In addition, IDIA offers arrange of other services including:

- ✓ Research support
- ✓ Data management
- ✓ Capacity Building
- ✓ Short and Executive training services and
- ✓ Consultancy and advisory services
- ✓ Youth mentorship programs
